No. NO150817DE2

Issue Date:

17 August 2015

Effective Date:

28 August 2015

### INTRODUCTION OF WEEKLY OPTION CLASSES

#### Executive Summary

Euronext will add weekly option classes on seven underlying values on the Paris Derivatives Market and invites Members to apply for Liquidity Provider roles. The new weekly option classes will be available for trading as from Friday 28 August 2015.

#### 1. Introduction

- 1.1 Euronext Paris will introduce weekly option classes with an initial lifetime of two weeks on 7 underlying values as from 28 August 2015. The weekly options will have the same standard contract specifications as the existing Individual Equity Options; the only difference is their lifetime.
- 1.2 Four separate option classes per underlying value will be introduced. Each class will have a fixed last day of trading, this is either the first Friday of the month, the second Friday of the month, the fourth Friday of the month or, when applicable, the fifth Friday of the month. The trading symbol of each Weekly option class consists of a number and two letters. The number indicates which Friday of the month will be the last Trading Day. The trading symbols of the Weekly options are shown below:

Underlying value	ISIN-code	Last Trading Day:			
		First Friday of the month	Second Friday of the month	Fourth Friday of the month	Fifth Friday of the month
Axa	FR0000120628	1CS	2CS	4CS	5CS
BNP Paribas	FR0000131104	1BN	2BN	4BN	5BN
ENGIE	FR0010208488	1GA	2GA	4GA	5GA
Orange	FR0000133308	1FO	2FO	4FO	5FO
Peugeot	FR0000121501	1UG	2UG	4UG	5UG
Societe Generale	FR0000130809	1GL	2GL	4GL	5GL
Total	FR0000120271	1TO	2TO	4TO	5TO

- 1.3 Weekly options will be available for trading as from the Friday two weeks prior to expiry. As a result of this each Friday a weekly option class will expire, except for the third Friday of the month when the standard option contract expires.

## **2. Start of trading**

- 2.1 On Friday 28 August 2015 Euronext Paris will make the 1CS, 1BN, 1GA, 1FO, 1UG, 1GL and 1TO classes available for trading.
- 2.2 The contract specifications of the new weekly option classes on individual shares are shown in the attachment.

## **3. Liquidity Provider information**

- 3.1 Liquidity Providers in the standard option classes, PLPs and CMMs, will be offered a Primary Market Maker (PMM) role in the weekly option classes with the same underlying value. PLP and CMM roles for the weekly option classes will not be available. Participation in the weekly option classes will not be mandatory.
- 3.2 All PLP Target Group conditions as described in Euronext Info-Flash [IF150618DE 2](#), issued on 18 June 2015, will apply in full for the PMM role except PMMs will be required to cover all series available in the relevant weekly option classes.
- 3.3 All weekly option classes will be included in the new Non-standard Individual Equity Option Classes Group for performance calculation purposes.
- 3.4 The spread and size obligations for Liquidity Providers in the weekly option classes on individual shares will be equal to the spread and size obligations of the short-term option series of the standard option class with the same underlying value.
- 3.5 Liquidity Providers wishing to apply for a Liquidity Provider role in the weekly option classes should complete the Continental Derivatives Liquidity Provider **Update Form**.
- 3.6 The Update Form is available on the [Euronext website](#) and should be sent to the Global Analytics department via email ([LPEurope@euronext.com](mailto:LPEurope@euronext.com)) by no later than the close of business on **25 August 2015**. Also, the applicant should provide two hard copies of the relevant completed form to Euronext for the attention of Global Analytics, 14 place des Reflets, 92054 Paris La Défense Cedex, France to be received no later than midday on **27 August 2015**.
- 3.7 Members are reminded that the appointment of each Liquidity Provider will be subject to a binding contract ("the Agreement") between the successful applicant and Euronext. The Agreement will consist of the Terms and Conditions as published on the [Euronext website](#), the Liquidity Provider Registration Form and, where appropriate, any Update Form. Furthermore, a successful applicant's status, and therefore the period for which the Liquidity Provider may receive financial benefits, may not be deemed to have commenced until the relevant Liquidity Provider Registration Form or Update Form is completed and confirmed by all parties. Please note that in terms of effectiveness, the date is confirmed in writing by Euronext.

- 3.8 In the event that any business which may rise to a benefit under the terms of this programme may also qualify as business undertaken by the Liquidity Provider giving rise to a benefit under any other Exchange liquidity provision, market making or other similar programme or arrangement, Euronext reserves the right in its absolute discretion to take one or more of the following actions:
- Withhold the credit of any further rebates otherwise due under the programme.
  - To re-charge some or all of the discounted transaction fees made under the programme.
  - To terminate the Agreement by notice to the parties with immediate effect.
- 3.9 For the full Liquidity Provider programme specifications please refer to the programme documents which are available on the [Euronext website](#).
- 3.10 Liquidity Providers with a role in a certain class will also be charged the Liquidity Provider exchange trading fee for weekly option classes with the same underlying value, even if the member has no Liquidity Provider role in those weekly option classes.

**4. Price Limits**

- 4.1 Price Limits for each weekly option will be equal to the Price Limits in the standard option class with the same underlying value.
