

## PARIS NOTICE NO. 14/014

Issue Date: 7 November 2014

Effective Date: 11 November 2014

### EURONEXT ENHANCES SPECIFICATIONS FOR ITS MILLING WHEAT CONTRACT

#### Executive Summary

This notice informs Members Euronext's milling wheat futures benchmark will adopt new specifications with effect from the September 2017 contract month.

1- Euronext announced that its milling wheat futures benchmark will adopt new specifications taking effect with the September 2017 contract month listed on 11 November 2014. Following a highly successful industry-wide consultation, quality criteria for the milling wheat contract will be enhanced to incorporate the new following specifications:

- Protein content: minimum 11% dry matter
- Hagberg falling number: minimum 220 seconds

Furthermore, the existing Specific Weight requirement will be amended as follows:

- Minimum 76 kilos per hectoliter.

#### 2. Contracts Specifications
