No. NO161010DE4

Issue Date:

10 October 2016

Effective Date:

14 October 2016

### AtomX: INTRODUCTION OF FLEXIBLE SINGLE STOCK FUTURES ON GALAPAGOS

#### Executive Summary

This notice informs Members of the introduction of flexible single stock futures on Galapagos. This contract will be available on AtomX, Euronext's off-order book, on-exchange trade reporting service.

#### 1. Introduction

Euronext intends to launch flexible single stock futures on Galapagos on AtomX on **14 October 2016**:

Underlying	ISIN code	Contract code Flexible Cash	Trading currency	Relevant Stock Exchange
Galapagos	BE0003818359	YGS	EUR	Euronext Brussels

- 1.1 The contract specifications for the flexible single stock futures can be found in the attachment.
- 1.2 The AtomX service provides flexibility for investors by allowing them to tailor stock futures with expiry dates that are not available on the central order book, and to report trades through either a web interface or a dedicated electronic connection. Clients can also benefit from the capital and operational efficiencies of clearing flexible trades in the same clearing pool as their existing Euronext positions.

#### 2. Onboarding

Members who wish to access the AtomX solution must:

- 2.1 Fill out and return the 'Request for Extension of Trading Activity form' to the Euronext Membership department.  
The form can be found via [www.euronext.com/membership/admission-proces/membership-applications-extensions](http://www.euronext.com/membership/admission-proces/membership-applications-extensions) under 'Existing Euronext Members' > 'b. on the Euronext Derivatives markets'.
- 2.2 Request an electronic certificate and credentials from Euronext's Customer Access Services (CAS) team.
- 2.3 Sign the updated Trading Platform Agreement (TPA).

The Euronext Markets comprise the markets operated by Euronext Amsterdam, Euronext Brussels, Euronext Lisbon, Euronext Paris and Euronext London, referred to respectively as the Amsterdam, Brussels, Lisbon, Paris and London markets, as relevant. Euronext refers to Euronext N.V. and its affiliates.

\* Single Stock Futures on Italian and UK underlying stocks have a contract size of 1000.

\*\*An expiration day can only be selected on days that the EDSP can be determined. In general it is therefore not allowed to select a day as expiration day on which the Euronext markets are closed and/or underlying exchange is closed. When the Euronext markets are open for a half trading day, an expiration day can only be selected on this day when the underlying exchange is open for a half trading day as well.

In the case that a day is selected as a last trading day and (at a later moment) it turns out that that day is not eligible as last trading day, the last trading day will be moved to the previous eligible trading day or the EDSP of the previous trading day will be used.
