INTRODUCTION OF WEEKLY OPTION CLASSES ON GALAPAGOS

Executive Summary

Euronext will add weekly option classes on Galapagos Equity Securities on the Brussels derivatives market and invites Members to apply for Liquidity Provider roles. The new weekly option classes will be available for trading as from Friday 27 October 2017¹.

1. Introduction

- 1.1 Euronext Brussels will introduce weekly option classes with an initial lifetime of two weeks on Galapagos Equity Securities as from 27 October 2017. The weekly options will have the same standard contract specifications as the existing Individual Equity Options; the only difference is their lifetime.
- 1.2 Four separate option classes will be introduced. Each class will have a fixed last day of trading, this is either the first Friday of the month, the second Friday of the month, the fourth Friday of the month or, when applicable, the fifth Friday of the month. The trading symbol of each Weekly option class consists of a number and two letters. The number indicates which Friday of the month will be the last Trading Day. The trading symbols of the Weekly options are shown below:

Underlying value ISIN-code	Galapagos BE0003818359
Last Trading Day:	
First Friday of the month	1GS
Second Friday of the month	2GS
Fourth Friday of the month	4GS
Fifth Friday of the month	5GS

- 1.3 Weekly options will be available for trading as from the Friday two weeks prior to expiry. As a result of this each Friday a weekly option class will expire, except for the third Friday of the month when the standard option contract expires.

¹ This introduction is pending regulatory approval.

2. Start of trading

- 2.1 On Friday 27 October 2017 Euronext Brussels will make the 2GS class available for trading.
- 2.2 The contract specifications of the new weekly option classes on individual shares are shown in the attachment.

3. Liquidity Provider information

- 3.1 Liquidity Providers in the standard option class (trading symbol GLS), PMMs and CMMs, will be offered a PMM role in the weekly option classes. CMM roles for the weekly option classes will not be available. Participation in the weekly option classes will not be mandatory.
- 3.2 Galapagos weekly options will be included in the Non-standard Individual Equity Option Group for performance calculation purposes.
- 3.3 The LP conditions applicable to option class GLS will also apply to the Galapagos weekly options.
- 3.4 The spread and size obligations for Liquidity Providers in the weekly option classes will be equal to the spread and size obligations of the short-term option series of the standard option class GLS.
- 3.5 Liquidity Providers wishing to apply for a Liquidity Provider role in the weekly option classes should complete the Derivatives Liquidity Provider **Update Form**.
- 3.6 The Update Form is available on the [Euronext website](#) and should be sent to the Global Analytics department via email (LPEurope@euronext.com) by no later than the close of business on **24 October 2017**. Also, the applicant should provide two hard copies of the relevant completed form to Euronext for the attention of Global Analytics, 14 place des Reflets, 92054 Paris La Défense Cedex, France to be received no later than midday on **26 October 2017**.
- 3.7 Members are reminded that the appointment of each Liquidity Provider will be subject to a binding contract ("the Agreement") between the successful applicant and Euronext. The Agreement will consist of the Terms and Conditions as published on the [Euronext website](#), the Liquidity Provider Registration Form and, where appropriate, any Update Form. Furthermore, a successful applicant's status, and therefore the period for which the Liquidity Provider may receive financial benefits, may not be deemed to have commenced until the relevant Liquidity Provider Registration Form or Update Form is completed and confirmed by all parties. Please note that in terms of effectiveness, the date is confirmed in writing by Euronext.
- 3.8 In the event that any business which may rise to a benefit under the terms of this programme may also qualify as business undertaken by the Liquidity Provider giving rise to a benefit under any other Exchange liquidity provision, market making or other similar programme or arrangement, Euronext reserves the right in its absolute discretion to take one or more of the following actions:
 - Withhold the credit of any further rebates otherwise due under the programme.
 - To re-charge some or all of the discounted transaction fees made under the programme.
 - To terminate the Agreement by notice to the parties with immediate effect.
- 3.9 For the full Liquidity Provider programme specifications please refer to the programme documents which are available on the [Euronext website](#).

4. Price Limits

4.1 Price Limits for the Galapagos weekly options will be equal to the Price Limits in option class GLS.
