

## PARIS NOTICE NO. 14/011

Issue Date: 25 August 2014  
Effective Date: 22 September 2014

### CHANGES TO THE EUROPEAN-STYLE EQUITY OPTION CLASS OFFERING

#### Executive Summary

This notice informs members of a change of the expiry cycle and available maturities for European Style Equity Option classes available on the Euronext Paris Derivatives market, effective on and from 22 September 2014

#### 1. Introduction

1.1 Euronext has decided to implement as of **22 September 2014** the following changes to the current Paris European Style Equity Option Class offering:

- Change of the expiry cycle from March, September to June, December
- The lifetime will be set to a maximum of 12 or 24 months dependant on the lifetime of the related American Style Equity Option classes with the same underlying value;

1.2 The rationale for these changes is that there is no longer a strong market demand for the longer dated maturities where there is a demand to more harmonise the offering in European and American style Equity Options in terms of available listed maturities and series.

#### 2. Changes to the European Style Equity Option offering as per 22 September 2014

2.1 Euronext has decided to change the expiry cycle for the Paris European Style Equity Options from the March-September to the June-December cycle in order to align and harmonise with the American Style Equity Option classes.

2.2 Euronext has decided to limit the lifetime of the Paris European Style Equity Option classes to a maximum of 12 or 24 months.

There are two maturity groups for the European Style Equity Option Classes. As of **22 September 2014** Group 1 refers to European Style Equity Option Classes with **two** Half-Yearly expiries and group 2 with **four** Half-Yearly expiries:

<b>GROUP 2</b>	Cycle	Expiry Months Cycle	Lifetime (Months)
	Half-Yearly	<b>4</b> nearest maturities of the <b>June-December</b> cycle	6, 12, 18, 24
