Executive Summary

This Notice informs Members of the introduction of Index Futures on the Euronext® Eurozone ESG Large 80 Index on the Paris Derivatives Market, tradable from 1 June 2020.

I. INTRODUCTION

Euronext will introduce Euronext Eurozone ESG Large 80 Index Futures (Euronext trading symbol ESG) on the Euronext Paris Derivatives Market from 1 June 2020.

The new future is based on the **Euronext® Eurozone ESG Large 80 Index**, powered by Vigeo Eiris (an affiliate of Moody's), which shows the performance of 80 Eurozone Large Cap companies selected for their ESG and Energy Transition performance. It aims to act as an effective hedging tool allowing investors to gain exposure to the Eurozone's sustainable economy. The competitive trading fees reflect Euronext's belief that facilitating climate action should be accessible to all market participants. This new index future, as the entire Euronext Derivatives franchise, has been developed in partnership with LCH SA.
