3.2.3 What are the key risks that are specific to the Group?

Material risk factors

- The Group depends on the performance of the new combined business resulting from the Company's acquisition of 100% of the shares in Fjord Defence AS
- The Group is subject to risks relating to future acquisitions in line with the Company's strategy and may incur liabilities from future acquisitions and not realise all anticipated benefits
- The success and growth of the Group's business will depend on the level of activity within the defence industry
- The Group may not succeed in its development and innovation within the weapon and defence industry, which could have a significant impact on the Group's business, cash flows and financial prospects
- The Group is subject to risks related to failures, undetected errors or defects in the Group's products and operations
- Loss of key personnel may have an adverse effect on the Group's operations and financial performance
- The Group operates in a competitive industry and if the Group is unable to compete effectively, its market positions and sales volumes could be adversely affected
- Failure to protect the Group's intellectual property and know-how could harm its business and competitive position
- The Group is exposed to credit risk, which may adversely impair the Group's liquidity
- The Group is subject to risks related to cash flow and liquidity which, if they materialise, may limit the Group's ability to obtain desired funding
- The Group will require a significant amount of cash to service current and future debt to sustain its operations
- The Group will be exposed to export and trading restrictions which may result in uncertainty relating to future market opportunities
- The Group may be unable to meet its funding needs as they arise due to restrictive covenants in financing arrangements

3.3 Key information on the securities

3.3.1 What are the main features of the securities?

All of the existing Shares in the Company are ordinary shares that have been created under the Norwegian Companies Act. The existing Shares are registered in book-entry form with the VPS and have ISIN NO 001 3647693. See Section 3.1.2 "*Overview of the Issuer, its securities and the competent authority having approved this Prospectus Summary*" above for further information.

As of the date of this Prospectus Summary, the Company's share capital is NOK 339,415,263.60, divided into 40,406,579 Shares, each with a par value of NOK 8.40. Following registration of the share capital increase resolved by the Board of Directors on 8 October in connection with the subsequent offering of 1,041,666 new shares in the Company, each with a par value of NOK 8.40, the Company's share capital will be NOK 348,165,258.00, divided on 41,448,245 shares, each with a par value of NOK 8.40.

The Company has one class of shares in issue. In accordance with the Norwegian Companies Act, all Shares in that class provide equal rights in the Company. Each Share carries one vote, except for Shares held in treasury by the Company.

The Shares are freely transferable. The Articles of Association do not provide for any restrictions on the transfer of Shares, or a right of first refusal for the Shares. Share transfers are not subject to approval by the Board of Directors.

The Company has not declared or paid any dividends since its incorporation. The Company will strive to follow a dividend policy favourable to its shareholders. This will be achieved by sound business development and continuous growth. The Company aims to give shareholders a competitive return on capital relative to the underlying risk.

3.3.2 Where will the securities be traded?

The Shares are listed and tradeable on Euronext Expand. On 13 October 2025, Euronext Oslo Børs approved the Company's application for the Listing Transfer, and the first day of trading in the Shares on Euronext Oslo Børs will be 16 October 2025.
