LONDON, Nov. 8, 2017 /PRNewswire/ – Tetragon and its subsidiary Tetragon Financial Group Master Fund Limited announce the commencement of a tender offer to purchase a portion of the outstanding non-voting shares of Tetragon for a maximum aggregate payment of \$65,000,000 in cash. The tender offer, which was initially announced by Tetragon on October 31, 2017, will be conducted as a "modified Dutch auction" with shareholders able to tender their Tetragon non-voting shares at prices ranging from and including \$12.60 up to and including \$14.00 per share. The tender offer is expected to expire at 11:59 p.m. (EST) on December 7, 2017, unless terminated earlier. Deutsche Bank AG, London Branch will act as dealer manager for the tender offer and Computershare Investor Services PLC will act as tender agent for the tender offer.

Eligible shareholders will be able to indicate how many Tetragon non-voting shares and at what price or prices within the specified range they wish to tender. Based on the number of shares tendered and the prices specified by the tendering shareholders, Deutsche Bank will determine the lowest price per share within the range that will enable the Tetragon Master Fund to purchase \$65,000,000 in value of Tetragon non-voting shares, or a lower amount if the tender offer is not fully subscribed. All shares purchased by the Tetragon Master Fund in the tender offer will be purchased at the same price. The determined purchase price, as well as the proration factor (if applicable), is expected to be announced on or about December 12, 2017, and Tetragon expects the purchase of shares in the tender offer would be settled promptly thereafter.

The tender offer is not conditioned upon the receipt of any minimum number of shares being tendered.
