Activity

During the 3rd quarter of 2016 the Precia Molen Group achieved a turnover of 29.1 M€.

For the first nine months of the year 2017, the turnover is 90.7 M€, increasing by 12.6% compared to the same period in 2016. At constant perimeter and currencies rates, organic growth amounts to 5.9%. The impact of acquisitions amounts to 7.0% while currencies effects amount to -0.3%.

Activity for the third quarter remains in line with the first half. In details, the Group recorded an organic growth in France of 4.9% when European turnover slightly declined by -2.0%. The organic growth mainly comes from countries outside Europe with a 39.1% increase. Asia-Pacific area brings the most important part of the growth (+34.0%) along with a high level of goods sales in Morocco.

The group also fully benefited from the past acquisitions, that impact to 7.0%, mainly due to significant acquisitions such as CAPI in West-Africa, Epona in France and Weighpac in New-Zealand with sales on line with expectations.

Forecasts and outlook

Thanks to its external acquisitions and a high backlog, the Group anticipates that its turnover for the year 2017 should reach 120 to 125 M€.
