## CM Airlines launches with TTI's Zenith® PSS

CM Airlines of Honduras has announced their move to the TTI (Travel Technology Interactive) Zenith® Passenger Service System (PSS), to manage their inventory, fares, sales channels and departure control system (DCS). CM Airlines has also chosen to connect via Zenith®, to the Amadeus and Sabre GDS', as part of their global distribution strategy.

In addition, following the successful migration to Zenith®, CM Airlines has now launched Interline eTicketing with SkyTeam's Air Europa (UX), to provide enhanced service to their passengers.

Mr Carlos Mourra, Managing Director of CM Airlines said, "We are delighted to have chosen TTI's Zenith® PSS, which we selected because of their proven track-record with GDS connectivity, Interline and Code Share agreements."

Mourra continued, "The move to TTI's Zenith® PSS brings new levels of IT to the airline, as well as the critical links to the Amadeus and Sabre GDS', which will bring us new sales reach and increased revenues. The quick launch of the Interline agreement with Air Europa provides us with increased service levels for our customers, as well as a wider sales network."

Mr Gregoire Echalié, CEO of TTI (Travel Technology Interactive) said, 'It has been an exciting few months working with CM Airlines, implementing the Zenith® PSS first, followed immediately by the two GDS connections and then, the Interline implementation with Air Europa. We are delighted to be working with the CM Airlines team. We have all achieved a great deal in the past few months and we look forward to being part of the growth in the CM Airlines business, as a result of these activities.'

**Notes to the Editors:**

TTI (Travel Technology Interactive) is a global IT provider to the Airline industry, providing advanced IT solutions, for both Passenger Service Systems (PSS), Zenith®, as well as an advanced Cargo Management Solution, Nexlog®.

TTI is headquartered in Paris, France, with development centres located in Southern France and in Brazil, with regional sales and support offices in Singapore and Panama. The company was founded in 2001 and is listed on the Euronext Paris Stock Exchange.
