Consolidated statement og Profit or loss – Havyard Group ASA

- Konsernets **omsetning** er ca 400 MNOK lavere enn for tilsvarende periode i fjor. Dette er primært en konsekvens av endringen i fokus på verftet - fra nybyggingsverft til ombygging- og vedlikeholdsverft.
- Konsernets **resultat etter skatt** er ca 110 MNOK høyere enn tilsvarende periode i fjor. Forbedringen skyldes primært positiv resultatutvikling i segmentene, kombinert med en positiv effekt fra den offentlige akkorden i Havyard Ship Technology AS og fortjeneste fra aksjesalg i Havyard i Hav Group ASA (se informasjon i Havyard Q2 2021 rapport)

3. Utdeling av utbytteaksjer til aksjonærer i Havyard Group ASA (Etter balansedagen)

Selskapet arbeider løpende for at aksjonærene skal motta en konkurransedyktig avkastning på sin investering. Følgelig vil selskapet ha høyt fokus på verdiskaping for aksjonærene og føre en utbyttepolitikk som i så henseende ivaretar interessene til både aksjonærene og selskapet på en god måte. Når styret skal ta stilling til hvorvidt det skal foreslås utbytte og fastsette størrelsen på dette, vil styret ta i betraktnsing begrensninger som følger av lovgivningen, selskapets kapitalkrav, herunder kapitalkostnader, selskapets finansielle stilling, markedsutsikter og generelle forretningsvilkår for øvrig. Det vil også bli tatt hensyn til mulige begrensninger på utbetaling av utbytte som måtte følge av selskapets låneforpliktelser eller andre kontraktsforpliktelser, samt krav til opprettholdelse av en tilstrekkelig finansiell fleksibilitet.

Selskapet har en solid finansiell posisjon og jobber aktivt med å optimalisere kapitalstrukturen. Etter oppgjør av obligasjonslån og fristillelse av aksjepant fra byggelånsbanker i 2021 er det således gledelig at selskapet nå er i en finansiell posisjon til å kunne dele ut et ekstraordinært utbytte.

Styret har i børsmelding av 22.november 2021 annonsert forslag om utbetaling av et ekstraordinært utbytte. Forslaget innebærer utdeling av inntil 50% av selskapets aksjer i HAV Group ASA, dvs. inntil totalt 11 631 034 aksjer fordelt med 0,46935005 HAV-aksjer per aksje i selskapet som avrundes nedad til nærmeste hele HAV-aksje.

Selskapet vil kalle inn til ekstraordinær generalforsamling 14.desember 2021 for å behandle utbytteforslaget. Utbyttet forventes å være godskrevet aksjeeierne 27.desember 2021.

3. Distribution of dividend shares to shareholders in Havyard Group ASA (After balance sheet date)

The company works continuously to ensure that shareholders receive a competitive return on their investment. Consequently, the company will have a high focus on value creation for the shareholders and pursue a dividend policy that in this respect safeguards the interests of both the shareholders and the company in a good way. When the board is to decide whether to propose a dividend and determine the size of this, the board will take into account limitations that follow from the legislation, the company's capital requirements, including capital costs, the company's financial position, market prospects and general business conditions. Possible restrictions on the payment of dividends that may result from the company's loan obligations or other contractual obligations will also be taken into account, as well as requirements for maintaining sufficient financial flexibility.

The company has a solid financial position and works actively to optimize the capital structure. Following the settlement of bond loans and the release of share pledges related to construction financing at the shipyard in 2021, the board is happy to announce that the company is now in a financial position to be able to distribute an extraordinary dividend.

Pursuant to a stock exchange announcement of 22 November 2021, the board has announced a proposal for the payment of an extraordinary dividend. The proposal involves the distribution of up to 50% of the company's shares in HAV Group ASA, up to a total of 11,631,034 shares divided by 0.46935005 HAV shares per share in the company which is rounded down to the nearest whole HAV-share.

The company will summon to an extraordinary general meeting on 14 December 2021 to consider the dividend proposal. The dividend is expected to be credited to the shareholders on 27 December 2021.
