---

*Schoten, Belgium – Monday 10 June 2024*

Care Property Invest is pleased to announce that its shares will be included in the FTSE EPRA Nareit Global Index and the FTSE EPRA Nareit Developed Europe Index as of 21 June 2024 (after trading hours). These are the two main investment indices for listed real estate, which also serve as global benchmarks for the sector. Their weight will only be determined at the time of inclusion.

EPRA, in collaboration with FTSE and Nareit is the provider of the leading global listed real estate index. Relevant activities are defined as the ownership, disposal and development of income-producing real estate. Investors rely on the expertise and professionalism of EPRA to track the European market in particular, which allows them to compare their portfolio returns. With around 500 stocks, the Global index represents over 3 trillion euros of prime real estate worldwide.

**Peter Van Heukelom, CEO of Care Property Invest;**

*'We are pleased to confirm the inclusion of our share in the EPRA index, a milestone we have achieved through strategic improvements such as increasing the liquidity of our share and reducing the proportion of finance leases versus investment properties in our real estate portfolio. This inclusion significantly increases our visibility and opens up new opportunities for attracting institutional investors, which is essential for improved access to capital markets. This will substantially contribute to the future success and growth of our Company and further strengthen our position in the listed real estate market.'*

Care Property Invest would like to reconfirm its desire to expand its real estate portfolio in the future with health care infrastructure in Belgium, The Netherlands, Spain, Ireland as well as elsewhere in the European Economic Area.
