JOINT PUBLIC STATEMENT

Mutual Settlement Clears Path for Unrestricted Sale of BIO-UV Group Products in North America

Pittsburgh, July 19th, 2024 — BIO-UV Group and Neptune Benson are pleased to announce that they have reached a mutual settlement to resolve a dispute that commenced under prior management in November 2018. This resolution allows for the unrestricted sale of BIO-UV Group products in North America.

The settlement was achieved through a series of constructive negotiations, demonstrating both entities' commitment to finding a mutually beneficial resolution for themselves and their valued customers. Both parties have expressed satisfaction with the outcome, which not only resolves the dispute but also opens up new opportunities for future trade.

About BIO-UV Group

Founded in 2000, BIO-UV Group designs, manufactures and markets innovative water disinfection systems using ultraviolet, salt electrolysis, ozone and AOP (Advanced Oxidation Process).

Listed on the Euronext® Growth market in Paris (FR0013345493 - ALTUV), BIO-UV Group is labeled Innovative Company by Bpifrance and is eligible for the PEA PME-ETI scheme.
