Following strong volume growth at end of September 2024 (+21% compared with 2023, despite the closing and renovation of the City Walk center from April to October 2024), Smart Salem breaks a new monthly attendance record by performing a total of 16,861 tests during October 2024, compared with 12,617 visits last year for October 2023 translating into a volume growth of +34%.
