In case of rounding, the shareholder will have the right to receive a consideration in cash for the shares that do not allow the allocation of a whole number of a share, calculated as follows: weighted average price of the shares in the 6 (six) months prior to the date of the notice of the General Shareholders Meeting of November 22<sup>nd</sup>, 2024, that is, 0.719 Euro for each share acquired by the company (according to the article 188 of the Portuguese Securities Code), to be settled until January 6<sup>th</sup>, 2025.

It is further informed that in the moment of amortization of shares, no withholding tax will be levied by the financial intermediaries. Possible tax capital gains or tax capital losses resulting from the amortization of shares with share capital reduction shall be determined by the Shareholders on the basis of the information provided by the financial intermediary (namely the realization value, acquisition cost and acquisition date of the shares) and, if applicable, reported in the respective tax returns.
