Notes to editors:

Accsys (Accsys Technologies PLC) is disrupting the building materials industry with its high-performance wood products and proprietary technology. Driven by its purpose of "changing wood to change the world", Accsys takes fast-growing, certified sustainable wood and turns it into long lasting, eco-friendly building materials - backed by warranties of up to 50 years. Operating in the rapidly growing global wood construction market, Accsys has an established manufacturing footprint in Europe and North America with active product distribution in more than 25 countries. Accsys is listed on the London Stock Exchange AIM market and on Euronext Amsterdam, under the symbols 'AXS'.

Accsys is a Participant of the United Nations Global Compact and adheres to its principles-based approach to responsible business.

Accoya® is the global leader for high-performance wood. Created through a proprietary acetylation process developed by Accsys, Accoya delivers superior durability and stability, backed by an industry-leading warranty of up to 50 years. It holds Cradle to Cradle Certified® Gold (Full Scope - V3.1) status for its circular economy benefits. Combining the natural beauty of wood with exceptional performance, Accoya is the preferred choice for windows, doors, cladding, and decking - outperforming hardwoods and manmade materials in durability, stability, and sustainability.

Tricoya® acetylated wood chips redefine panel products, creating next-generation panels that thrive outdoors and in wet environments. Recognised as the biggest leap in wood composites in over 30 years, Tricoya panels combine the strength and versatility of traditional products with unmatched durability and eco-friendliness - backed by a warranty of up to 50 years - expanding design and construction possibilities like never before.
