

Facephi Ranks No. 1 in *Biometric & Document Authentication Capabilities* in the *Identity Platform Category* by The Prism Project

- #1 in ***Biometric & Document Authentication Capabilities*** within the **Identity Platform** category.
- **Ranked 5th** in ***Biometric & Document Authentication Capabilities*** across all categories of the **2025 Biometric Digital Identity Flagship Prism Report**, placing Facephi in the top 3% globally.

Alicante, December 10, 2025 - Facephi Biometría, SA (BME Growth: FACE; Euronext Growth Paris: ALPHI) (“Facephi” or the “Company”), a Spanish tech leader in global digital identity protection and verification, is proud to announce its recognition in a recent research initiative conducted by **The Prism Project** in collaboration with **Acuity Market Intelligence**.

The report aims to bridge the gap between identity technology experts and enterprise professionals in both the private and public sectors, evaluating digital identity solution providers worldwide.

Facephi’s top rankings underscore its innovation, reliability, and leadership in digital identity technology:

- **#1** in **Biometric & Document Authentication Capabilities** within the *Identity Platform* category.
- **Ranked 5th** (tied with three other providers) in **Biometric & Document Authentication Capabilities** across all categories of the *2025 Biometric Digital Identity Flagship Prism Report*.

“We are honored to be recognized for our cutting-edge biometric and document authentication solutions,” said **Javier Mira, CEO, Facephi**. “The report underscores Facephi’s ongoing dedication to advancing digital identity technology and equipping organizations worldwide with tools that ensure secure, seamless, and reliable authentication experiences.

In a context of growing threats from deepfakes and synthetic identities, rankings like those in the Prism Report provide external validation of the multi-biometric authentication systems and document verification tools. This recognition, which adds to our inclusion in several Gartner reports, reinforces the work of our team and our ongoing commitment to a secure, auditable, and people-centered identity model.”
