Coca-Cola Europacific Partners plc announces share buyback programme^[1] of up to €1bn

17 February 2026

As disclosed in the preliminary results for the financial year 2025 released today, Coca-Cola Europacific Partners plc (the "Company") intends to return up to €1bn to shareholders through a coordinated share buyback programme on (i) Nasdaq and other applicable US trading venues ("the US Trading Venues") and (ii) the London Stock Exchange, CBOE Europe Limited (through the BXE and CXE order books) and Aquis (the "London Trading Venues") (the "Programme"). The Programme will begin on 18 February 2026 and is expected to be completed prior to the end of February 2027. The purpose of the Programme is to reduce the issued share capital of the Company. All shares repurchased as part of the Programme will be cancelled.

The Company has entered into an arrangement in relation to the initial period of the Programme^[2] with Goldman Sachs & Co. LLC and Goldman Sachs International (together with their affiliates "GS"), consisting of two contracts to enable the purchase of ordinary shares on both the US Trading Venues and the London Trading Venues. GS will act as riskless principal, share purchases will be made in accordance with the arrangement and effected within certain contractually agreed parameters, and shall be made independently of and uninfluenced by the Company.

Additional details

The Programme will be effected in accordance with (i) (in relation to purchases made on the London Trading Venues) the scope of the authority to repurchase ordinary shares "on market" conferred on the Company at the 2025 Annual General Meeting and any further authority to be conferred at the 2026 Annual General Meeting^[3], (ii) (in relation to purchases made on the US Trading Venues) the scope of the authority to repurchase ordinary shares "off market" conferred on the Company at the 2025 Annual General Meeting and any further authority to be conferred at the 2026 Annual General Meeting; (iii) (in relation to purchases made on the London Trading Venues) (EU) No 596/2014 (the Market Abuse Regulation) and the Commission Delegated Regulation (EU) 2016/1052 as applicable (both as in force in the UK, and as they form part of retained UK law as defined in the European Union (Withdrawal) Act 2018), (iv) Chapter 9 of the UK Listing Rules; and (v) applicable U.S. federal securities laws, including applicable US securities laws and anti-manipulation provisions thereof. In relation to purchases on the London Trading Venues, GS will acquire CREST depository interests on the London Trading Venues, which will be cancelled together with the underlying shares they represent.

The maximum number of ordinary shares which may be purchased or committed to be purchased by the Company under the contracts entered into in respect of the initial period of the Programme is 35,017,269 (being the number of ordinary shares remaining under the authority granted by shareholders at the Company's 2025 Annual General Meeting) taken together with such number of ordinary shares under any authority granted by shareholders at the Company's 2026 Annual General Meeting.

Forward-looking statements are subject to certain risks that could cause actual results to differ materially. Forward-looking statements are based upon various assumptions as well as CCEP's historical experience and present expectations or projections. As a result, undue reliance should not be placed on forward-looking statements, which speak only as of the date on which they are made. Factors that, in CCEP's view, could cause such actual results to differ materially from forward looking statements include, but are not limited to, those set forth in the "Risk Factors" section of CCEP's 2024 Annual Report on Form 20-F filed with the SEC on 21 March 2025 and subsequent filings, including, but not limited to: changes in the marketplace; changes in relationships with large customers; adverse weather conditions; importation of other bottlers' products into our territories; deterioration of global and local economic and political conditions; uncertainty and volatility from the impact and extent of actual and promised tariff adjustments; increases in costs of raw materials; changes in interest rates or debt rating; deterioration in political unity within the European Union; defaults of or failures by counterparty financial institutions; changes in tax law in countries in which we operate; additional levies of taxes, including tariff adjustments; legal changes in our status; waste and pollution, health concerns perceptions, and recycling matters related to packaging; global or regional catastrophic events; cyberattacks against us or our customers or suppliers; technology failures; initiatives to realise cost savings; calculating

Due to these risks, CCEP's actual future financial condition, results of operations, and business activities, including its results, dividend payments, capital and leverage ratios, growth, including growth in revenue, cost of sales per unit case and operating profit, free cash flow, market share, tax rate, efficiency savings, achievement of sustainability goals, including net zero emissions and recycling initiatives, capital expenditures, may differ materially from the plans, goals, expectations and guidance set out in forward-looking statements. These risks may also adversely affect CCEP's share price. CCEP does not undertake any obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events, or otherwise, except as required under applicable rules, laws and regulations.
