

Madrid, March 13th 2026

Energy Solar Tech, S.A. (hereinafter, 'Energy Technologies' or the 'Company'), pursuant to the provisions of Article 17 of Regulation (EU) No. 596/2014 on market abuse and Article 227 of Law 6/2023, of 17 March, on the Securities Market and Investment Services and related provisions, as well as Circular 3/2020 of the BME Growth segment of BME MTF Equity ('BME Growth'), hereby informs you of the following:

OTHER RELEVANT INFORMATION

The Company, as is customary at this time of year, hereby presents an advance indication of the projected range of results for the 2025 financial year of the Energy Technologies Group:

(Euros)	2025
Revenue	80,700,000 – 82,300,000
Adjusted EBITDA	10,500,000 – 11,500,000

The Adjusted EBITDA stands at approximately €11 million after making the following adjustments:

1. The negative impact arising from the extraordinary shutdowns at the Valdelugo Wind Farm, estimated at €1,736,385, already detailed in previous communications as well as in the half-year results presentation.
2. Non-recurring costs associated with the restructuring of personnel within the Engineering and Construction division, where, due to circumstances unrelated to the Company's ordinary course of business, it was necessary to hire 58 new employees, together with the transition undertaken within the management team and the related legal expenses. The amount corresponding to these extraordinary items totals €615,000.
3. Extraordinary expenses linked to the Group's international market expansion process, amounting to €78,000.

Excluding these extraordinary and non-recurring impacts, the Company has achieved a historic record in both revenue and EBITDA for the financial year, driven by increased activity and business volume in an especially complex environment. This underscores the Group's financial and operational strength, as well as its capacity for management, adaptation and execution in the face of the challenges encountered during the period.

In accordance with the provisions of Circular 3/2020, it is hereby stated that the information communicated herein has been prepared under the sole responsibility of the Company and its directors.

Yours faithfully,

Mr Alberto Hernández Poza
Chief Executive Officer
Energy Solar Tech
