

REGULATED INFORMATION AND INSIDER KNOWLEDGE - Option Announces Partnership

Leuven, Belgium – 19 June 2026 – 6:00 PM CET, Option NV, Geldenaaksebaan 329, 3001 Heverlee
(Euronext Brussels: OPTI)

Option announces a partnership with Vialinx.io, a company that provides software to ensure permanent, reliable connections between critical IoT systems.

The partnership involves the integration of the new Cloudgate NXS with Vialinx.io's software. The integrated platform is particularly well-suited to IoT environments where uninterrupted connections are of crucial importance.

For further information, please refer to the joint press release published on the website.
