PRESS RELEASE 2026-11-12

CSG's Speer Awarded Contract to Provide 9mm Luger JHP Ammunition to the Canadian DND

LEWISTON, Idaho – November 12, 2026 – Speer Ammunition, part of The Kinetic Group, a member of CSG Group (Euronext Amsterdam: CSG), was recently awarded a contract to supply 9mm Luger JHP Ammunition to the Canadian Department of National Defence (DND). The cartridge awarded was the Speer Gold Dot G2, 9mm Luger, 135-grain load, an advanced self-defense and duty load featuring a bonded jacket-core design and an elastomer-filled shallow nose cavity. The agreement will supply the DND for up to three years and 4.2 million rounds.

"We have a long history with the Canadian DND, and we are extremely pleased with this new contract win," said David Kline, Speer's Director of Government Contract Engineering. "This contract reinforces the trust international law enforcement agencies place in our reliable, innovative products. Speer is the gold standard in dependability and terminal performance, and we are proud to continue supplying agencies with exceptional duty ammunition."

Speer has enhanced the law-enforcement proven Gold Dot G2 bullet, optimizing the design and loading to provide superior feeding, ballistics and terminal performance through compact concealed handguns. The Gold Dot G2 features an exclusive bullet nose design. Instead of a large hollow-point cavity, it has a shallow dish filled with a high-performance elastomer. Its exclusive Gold Dot construction virtually eliminates core/jacket separation. On impact, the material is forced into engineered internal fissures to start the expansion process. The result is uniform expansion, better separation of the petals, and more consistent penetration across barrier types.

Speer Ammunition can be found at dealers nationwide and online. For more information on all Speer products, visit www.speer.com.

About CSG

CSG N.V. ("CSG") is a Dutch company and a leading European defence industrial group, with its top management headquartered in Prague, Czech Republic. CSG develops and delivers defence and industrial technologies that contribute to a safer and more stable future. The Group focuses on the development and manufacturing of strategically important products, systems and technologies in the fields of defence and ammunition, as well as in related sectors such as aerospace. CSG operates key manufacturing facilities in the United States, the United Kingdom, Spain, Italy, Germany, Poland, Greece, the Czech Republic, Slovakia, Serbia and India, and exports its products worldwide. The Group continues to invest in the growth of its portfolio companies and the expansion of its core business activities. Key companies within the Group include Excalibur Army (Czech Republic, land systems), Tatra Trucks (Czech Republic, vehicles), MSM Group (Slovakia, artillery ammunition) and The Kinetic Group (United States, small-calibre ammunition). CSG employs more than 14,000 people across its integrated and affiliated companies. In 2025, the Group reported annual revenues of EUR 6.7 billion. CSG shares are traded on Euronext Amsterdam under the ticker **CSG**. More information is available at:www.csg.com
