To the bondholders in:

ISIN NO 0010821010 – ELEC ASA 18/25 FRN USD FLOOR STEP C CONV

Re: Voluntary bond buy-back offer

Capitalised terms used but not defined in this buy-back offer document (the **Buy-Back Offer Document**) are references to those terms as defined in the bond terms dated 9 May 2018 (as amended by way of an amendment agreement dated 10 February 2022, the **Bond Terms**) entered into by and between Nordic Trustee AS as the Bond Trustee on behalf of the Bondholders and Electromagnetic Geoservices ASA as the Issuer.

Reference is made to the stock exchange notice published by the Issuer on 12 December 2022 wherein the Issuer announced its intention to launch a voluntary bond buy-back offer (the **Buy-Back**) for Bonds with an aggregate nominal value of up to USD 5,000,000 (the final amount of Bonds to be repurchased will be determined by the Issuer at its discretion, as further described in this Buy-Back Offer Document), corresponding to approx. 20.4 per cent of the Outstanding Bonds as of the date of this Buy-Back Offer Document.

The Buy-Back offer period will commence on 15 December 2022 at 09:00 CET and end on 22 December 2022 at 16:00 CET (the **Buy-Back Offer Period**). The Buy-Back Offer Period may be extended by the Issuer at its own discretion. Settlement of the purchase price under the Buy-Back is expected to take place on or about 27 December 2022 (the **Buy-Back Settlement Date**), but in no event later than 31 December 2022.

The Issuer hereby offers all Bondholders to tender Bonds for sale to the Issuer under the Buy-Back at 86.5 per cent of par value (equal to a discount to par value of 13.5 per cent), plus accrued and unpaid interest (at 100 per cent) up to and including the last date of the Buy-Back Offer Period. The Issuer reserves the right to, at any time during and after the Buy-Back Offer Period, but before the Buy-Back Settlement Date, reduce or increase the number of Bonds to be repurchased under the Buy-Back, and undertakes no obligation to communicate such reductions or increases to Bondholders before after final allocation and acceptance by the Issuer has been made.

The Buy-Back is offered to all Bondholders on equal terms. Bondholders may tender some or all of their Bonds to the Issuer. In the event the number of Bonds tendered to the Issuer under the Buy-Back exceed an aggregate nominal value of USD 5,000,000 (or such reduced or increased amount as the Issuer may resolve to repurchase), the Issuer will buy back Bonds from each of the tendering Bondholders on a pro rata basis calculated based on the number of Bonds held by each of the

tendering Bondholders. The number of Bonds held will be calculated as per the VPS registry at the end of the Buy-Back Offer Period.

Bondholders may tender Bonds for sale at any time during the Buy-Back Offer Period, and tenders to sell Bonds may be withdrawn at any time prior to expiry of the Buy-Back Offer Period. The Buy-Back is not conditional on any minimum number of Bonds being offered to the Issuer.

Bondholders may offer Bonds under the Buy-back by executing the bondholder offer form (the **Bondholder Offer Form**) attached hereto as Appendix A and sending this to Peder.Austarheim@sb1markets.no before the expiry of the Buy-Back Offer Period.

The Issuer currently expects to, following settlement to each of the selling Bondholders, discharge all Bonds purchased under the Buy-Back.
