

DOF Subsea awarded construction support contract in Malaysia

DOF Subsea Asia Pacific Pte Ltd has been awarded a contract to provide construction support for riser and spool installation including air and saturation diving in association with a brownfield expansion project in Malaysia.

The award includes project management, engineering, procurement, transportation and installation services and is expected to be completed during Q2 2023. The project will utilise the DSV Skandi Singapore, which, with an in-built saturation diving system and 140Te AHC crane, is ideally suited to these operations.

Mons Aase, CEO DOF Subsea AS, said, “We look forward to safely and successfully delivering this project for our client.”
