

DOF Group announces awarded contract for Skandi Vitoria with Petrobras

DOF is pleased to announce, as part of an ongoing tender process, an awarded Major Contract by Petrobras for the pipelay support vessel (PLSV) Skandi Vitória with a 3-year firm plus option contract commencing in 2025.

The vessel is Brazilian-built and flagged and owned by DOFCON Navegação Ltda., a joint venture between DOF Subsea (50%) and TechnipFMC (50%).

Mons S. Aase, CEO DOF Group ASA, said, “We are pleased to announce this award under the ongoing PLSV tender and continue the discussion with Petrobras on the ongoing PLSV tender.”

Mons S. Aase, CEO, DOF Group ASA. Tel: +47 91 66 10 12

Hilde Drønen, CFO, DOF Group ASA. Tel: +47 91 66 10 09

DOF Group defines a Major Contract as a contract with value between USD 200 million to USD 300 million.

About DOF Group ASA:

With a multi-national workforce of about 4,100 personnel, DOF Group ASA is an international group of companies which owns and operates a fleet of modern offshore/subsea vessels, and engineering capacity to service both the offshore and subsea market. With over 40 years in the offshore business, the group has a strong position in terms of experience, innovation, product range, technology, and capacity. DOF's core businesses are vessel ownership, vessel management, project management, engineering, vessel operations, intervention, and diving operations primarily for the oil and gas sector. From PSV charter to Subsea engineering, DOF offers a full spectrum of top quality offshore services to facilitate an ever-growing and demanding industry. The Company's main operation centers and business units are located in Norway, the UK, the USA, Singapore, Brazil, Argentina, Canada, Angola, and Australia.

About TechnipFMC

TechnipFMC is a leading technology provider to the traditional and new energy industries, delivering fully integrated projects, products, and services.

With our proprietary technologies and comprehensive solutions, we are transforming our clients' project economics, helping them unlock new possibilities to develop energy resources while reducing carbon intensity and supporting their energy transition ambitions.

Organized in two business segments — Subsea and Surface Technologies — we will continue to advance the industry with our pioneering integrated ecosystems (such as iEPCI™, iFEED™ and iComplete™), technology leadership and digital innovation. Each of our approximately 21,000 employees is driven by a commitment to our clients' success, and a culture of strong execution, purposeful innovation, and challenging

industry conventions.
