### **Circa Group and Leggera Technologies International Enter into a Supply Agreement for 100% Bio-Derived Bicycle Maintenance Products**

**OSLO, NORWAY – 12 September 2024** Sustainable biochemicals company Circa Group AS (ticker: CIRCA) has entered into a supply agreement with Leggera Technologies International Ltd. (LTI), a leader in Hi-performance bicycle components and accessories design and manufacturing, for its Cyrene™ solvent grade. Cyrene™ is a sustainable, biomass-derived industrial solvent. Leggera's new and innovative bicycle maintenance product, which is certified as low-hazard and 100% biodegradable, is compatible with all cycling surface materials and delivers superior cleaning performance compared to traditional petroleum-based solvents.

"We are proud of this collaboration. Our supply agreement with Leggera reflects our commitment to helping customers develop safer, better-performing products," said Alessandro Napoli, VP of Product Development at Circa.

Paul Farrell, Group founder and CTO at Leggera, added, "By adopting Cyrene™ in our products, we aim to support the transition to safer and sustainable solutions while improving overall product performance and value for our customers."

#### **About Circa**

Established in 2006, Circa Group converts waste, non-food biomass into advanced bio-based chemicals with its proprietary Furacell™ process. Its developing product portfolio includes flavours, biopolymers, and bio-solvents including Cyrene™. By creating renewable chemicals from cellulose, Circa is extracting value from non-food, surplus biomass and contributing to industry as it transitions to a more circular and decarbonised economy. Circa Group is listed on the Euronext Growth Market in Oslo, ticker: CIRCA.

#### **About Leggera Technologies**

The Leggera Group of companies was founded in Australia in the late 1990's and since then has grown to become a multi-company conglomerate operating within the specialist field of hi-performance sporting goods and accessories products. LTI is a recognised global leader in product design, development and manufacturing mostly with its own facilities across Asia.
