

## REC Silicon – Invitation to conference call

Following REC Silicon's release "Update Regarding First Shipment of Ultra High Purity Polysilicon" on Friday 13 September 2024, the company will host a conference call inviting analysts, investors and other stakeholders to ask questions related to the release.

The call is scheduled for Monday 16 September at 17:00 CEST.

The call can be accessed using the following link:

[https://channel.royalcast.com/landingpage/hegnarmedia/20240916\\_1/](https://channel.royalcast.com/landingpage/hegnarmedia/20240916_1/)

Audiocast participants need to register to submit questions.

The Q&A session will be in English.

### About Us

---

REC Silicon is a global leader in silane based high purity silicon materials. We combine 40 years experience and best-in-class proprietary technology to deliver on customer expectations. Our two U.S. based plants have a combined production capacity of more than 30,000 MT of high purity silane gas. Our Signature Silane® based products are used in everyday quality of life technologies, emerging technologies, cutting edge power and memory devices, high-voltage transmission, as well as renewables. REC Silicon is headquartered in Lysaker, Norway and listed on the Oslo stock exchange under the ticker: RECSI.
