

## **Kongsberg Automotive wins a contract extension worth over EUR 21.5 million in estimated lifetime revenue**

**Kongsberg, November 15, 2024:** Kongsberg Automotive (KA) has secured an extension of a contract worth over EUR 21.5 million in estimated lifetime revenue for fluid transfer assemblies.

The six-year contract, which will start in January 2025, is awarded by a global Original Equipment Manufacturer (OEM) headquartered in Europe for KA's Fluid Transfer Assemblies — [coolant](#), [fuel](#), [EGR](#), [doser injector](#), and [oil transfer](#) applications used on Internal Combustion Engines (ICE) in heavy-duty trucks. KA's Ramos Arizpe, Mexico plant will produce and distribute the products.

“We are honored to be chosen, once again, by our long-time customer for these technical hose assemblies that meet all current and future emission requirements,” says David Redfearn, KA's Chief Sales Officer, adding, "Having the ability to engineer and manufacture these products across three continents allows us to continue to grow with global truck OEMs and ensures that we are well positioned for the future.”
