

## REC Silicon – Publication of Frequently Asked Questions to the Company's Website

Moses Lake, Washington USA December 8, 2024: REC Silicon ASA ("REC Silicon" or the "Company") announces the publication of frequently asked questions and accompanying answers (the "FAQ").

The FAQ relates to the previous stock exchange announcements published regarding the qualification process for Ultra-High Purity Polysilicon, responding to stakeholder requests on the topic and related processes.

The FAQ is available on the Company's website [recsilicon.com/investor-relations/](https://recsilicon.com/investor-relations/) and will be updated as needed.

### About REC Silicon

---

REC Silicon is a global leader in silane based high purity silicon materials. We combine 40 years of experience and best-in-class proprietary technology to deliver on customer expectations. Our two U.S. based plants have a combined production capacity of more than 30,000 MT of high purity silane gas. Our Signature Silane® based products are used in everyday quality of life technologies, emerging technologies, cutting edge power and memory devices, high-voltage transmission, as well as renewables. REC Silicon is headquartered in Lysaker, Norway and listed on the Oslo stock exchange under the ticker: RECSI.
