Examples of projects

included in the **Crédit Agricole CIB's Green Portfolio**, as of July 2017

Solar Power Plant

Crédit Agricole CIB is acting as MLA, Hedging Bank and Facility Agent in the financing of the construction and operation of a solar photovoltaic power plant in the Santiago metropolitan region in Chile. The project consists in the installation of 372,240 solar panels representing a total installed capacity of 115MW. This project is expected to enter in production at the end of 2017 and will produce 210 GWh annually. Once built, this solar plant will be among the biggest solar plants in the country. Electricity generated by the plant will be sold through Power Purchase Agreements with 20 local power distributors for most of the output, while the rest will be sold in the spot market.

Waste & Water

Crédit Agricole CIB was acting as lender for structuring the financing of a corporate consortium selected by one of main cities in Texas for water project. This project will go online by 2020 and will be executed over a period of 30 years. The consortium will design, build, finance, operate and maintain new production wells, pumping stations, raw water collection, storage tanks and a 142-mile pipeline to deliver the new water supply. The project will support a growing demand of an additional 20,000 living people in Texas every year. In addition, it will help protect spring flow habitat from aquifers, while allowing the City to further sustain a burgeoning population and an annual growth rate of 1.8 percent.

Wind Farm

Crédit Agricole CIB is acting as MLA and Hedging Bank in the financing of a 288 MW offshore wind farm in Germany. This project, commissioned in 2015, benefits from one of the most attractive site conditions including wind resources, a convenient water depth of 20 m and good soil conditions. The project comprises 80 Siemens wind turbines having a rated power of 3.6 MW. This wind farm has been providing renewable energy for approx. 370,000 households since it was commissioned. This project is also an important milestone for Crédit Agricole CIB's Power & Utilities franchise as it marks our first financing transaction in the renewables sector in Germany.

Rail

Crédit Agricole CIB is supporting one of Europe's leading railcar lessors, which invests in new railcars. These are rented to international major customers. The railcars are operated by our partner which is one of Europeans leading railcar leasing companies with 60 years market experience, ensuring high quality maintenance as well as access to a wide and diversified client base. This portfolio is well diversified with more than 600 railcars.

Green Building

Crédit Agricole CIB is supporting one of the leading investor in private hospital real estate in France. With a portfolio of about 100 healthcare facilities located throughout France as of December 31, 2016, this real estate company is the leader in the French healthcare property investment sector. It invests in private healthcare facilities (medicine, surgery and obstetrics; follow-up and rehabilitation care; and psychiatry) as part of partnerships with tenant operators, helping them achieve their growth ambitions. It integrates ESG considerations and took clear commitments such as 20% of renewable energy by 2020 and 100% of HQE-certified buildings.
