

## Objective

The CAC® SBT 1.5 Index is a free float market capitalisation weighted index that reflects the performance of companies with approved Science Based Targets 1.5°C on Scope 1 & 2 and below 2°C on Scope 3. The index also excludes companies involved in controversial activities, tobacco, controversial weapons, thermal coal or assessed Non-Compliant with regards to the UN Global Compact principles. The index is powered by SBTi, a partnership between CDP, the United Nations Global Compact, World Resources Institute (WRI) and the World Wide Fund for Nature (WWF). The index serves as an underlying for structured products, funds, exchange traded funds, options and futures.

## Investability

Stocks are screened to ensure liquidity to ensure that the index is investable.

## Transparency

The index rules are available on our website. Euronext acts as Supervisor. All our rulebooks can be found on the following webpage: <https://live.euronext.com/en/products/indices/indices-documents-by-family>.
