

BEL 20[®]

Objective

The BEL 20[®] is a free float market capitalization weighted index that reflects the performance of the 20 largest shares listed on Euronext Brussels, and is the most widely used indicator of the Belgian stock market. The index serves as an underlying for structured products, funds, exchange traded funds, options and futures.

Investability

Stocks are screened to ensure liquidity and selected and free float weighted to ensure that the index is investable.

Transparency

The index rules, that are available on our website, are overseen by the independent BEL Steering committee that acts as Supervisor. All our rulebooks can be found on the following webpage: www.euronext.com/en/indices/index-rules.
