### **RULEBOOK OF EACH FAMILY OF INDICES**

Each index is part of an index family that shares the basis for selection (universe) and which is managed in a comparable way. A separate rulebook is provided for each index family that will describe the specific features of that index family as well as specific elements of each index within that family.

### Article 4(2):

The provision of a benchmark shall be operationally separated from any part of an administrator's business that may create an actual or potential conflict of interest.

Positioning of Euronext benchmark business in the Euronext group

1. Euronext management might be involved in index management as well as in other departments, such as the Listing department.
2. The Independent Supervisor is chaired by a Euronext representative i.e. the country relevant CEO.

*Rationale for exemption foreseen in BMR provision 25:*

With respect of the potential conflicts of interest that might arise, mitigation means are implemented.

1. The Benchmark Oversight Committee (BOC) implemented an approach whereby any problematic matters identified are addressed urgently outside the periodic review cycle of indices.
2. The existing decision process to admit or exclude components of the main indices is carried out by the Independent Supervisor which voting members are not employed by Euronext or its affiliates.
3. Managing Board members are excluded from the voting process of the Independent Supervisor.

4. The publicly available Rules of procedure for the Independent Supervisor Committee include the following sections:
  - a. Members of the Independent Supervisor shall avoid any conflicts of interest between the work related to Euronext's indices and their own direct or indirect personal or material interests. Each member shall immediately report any potential or actual conflict of interest to Euronext.
  - b. In cases where Euronext establishes that a potential or actual conflict of interest exists, it may take appropriate action against the relevant Independent Supervisor member(s), including but not limited to restriction of voting rights, suspension or dismissal.
  - c. Independent Supervisor Committee's minutes shall record reported conflicts of interest and related actions or measures.
5. The recruiting process of new external members of the Independent Supervisor includes a training session with Compliance and upfront reporting of potential conflicts.
6. Rules for attendees to the Independent Supervisor meetings:
  - a. **Guests/Experts:** Guests/Experts invited to the Independent Supervisor Committee have no advocacy role for issuers and shall refrain to suggest directly or indirectly arbitrage between issuers.
  - b. **Embargo period:** Guests/Experts shall not discuss with Independent Supervisor's members during the 5 days prior to the meeting.
  - c. **Embargo period for issuers:** Chairmen, guests and experts shall not take any position regarding Index topic nor give any suggestion or supplementary information to issuers on an on-going basis and must refrain to discuss Index topics with issuers during 5 days prior to the meeting.
  - d. **Segregation of operational teams:** Operational teams that manage the Benchmark do not report to the Listing head and are bound by the confidentiality principle enforced across the Group "need to know principle". "Need to know principle" means that topics concerning indices and issuers cases shall be kept by employees and concerned teams and not be discussed with other employees or third parties.
7. Index Operations manages the day-to-day of the index and prepares the decisions of the Independent Supervisor Committee. This team belongs to Market Services division and Index design team belongs to the Capital Markets & Data Solutions division.
