Euronext is registered as a benchmark administrator and is supervised by several regulatory authorities in Europe for its Benchmark activities. All Benchmarks that we administer are EU BMR benchmarks. It includes more than 1,000 indices of all sizes and profiles with a broad range of mainstream, regional, thematic, ESG, CTB, and PAB indices. Our index calculation system is built, managed and monitored in-house.

Our expertise in EU local ESG/SRI labels

Strong expertise in EU local ESG/SRI labels. Several of our indices are compliant with French, Belgian and German labels.

Our ESG and Thematic Data partners

Capability to work with various ESG and Thematic data providers. Diversity of partners enables index clients to use cutting edge data points with ESG scoring, Biodiversity, Water, Circular Economy and other required datapoints.

A pioneering approach based on innovation and continuous progress

Responsible investment has become increasingly important in the world of finance, with the aim of supporting more sustainable growth. As a leading index provider in Europe, Euronext's ambition is to proactively contribute to the construction of a sustainable financial ecosystem. In response to the demand for mainstream ESG solutions, Euronext has introduced several ESG Blue-Chip indices taking into account Environmental, Social and Governance practices.

To continue supporting the growing demand for investment solutions with ESG, Climate, Thematic, Alternative Energy, Healthcare and other trends, we propose a large range of qualitative, liquid and research-enhanced solutions.

With a purpose to satisfy the increasing institutional client demand for innovative investment solutions, we also provide a new family of crypto indices measuring aggregated crypto exchange rates against US Dollars for main cryptocurrencies.

Our expertise in EU regulations framing ESG space

Ability to adapt to the changing regulations in ESG space. We are closely following ESG regulations such as SFDR, EU Taxonomy, AMF Doctrine etc. to propose more suitable solutions to our clients.

New reportings and measures provided to our clients :

- Report on principle adverse impact sustainability indicators
- Report on EU Taxonomy
- Report on ESG metrics
- Indices compliant with Article 8 and Article 9 under SFDR
