**Review Cut-Off Date:**After the market close of the penultimate Friday of February, May, August and

November.

**Review Announcement** 

Date:

At least two trading days before the Review Effective Date.

Review Weighting Date: Three trading days before the Review Effective Date.

**Review Weighting Announcement Date:**Two trading days before the Review Effective Date.

#### 2.2 REVIEW SELECTION

#### **Step 1: Index Universe**

#### **Index Universe definition**

The Index Universe consists of the Companies included in the CAC Large 60 index; at reviews this means included after the Review Effective Date.

#### Step 2: Eligibility screening at reviews

No additional eligibility screening.

#### **Step 3: Selection Ranking**

The eligible Companies are ranked by decreasing order on the ESG score as assigned by Moody's ESG Solutions. In case of an equal score the Company with the highest free float market capitalisation will rank higher.

The Euronext ESG Providers Methodologies document gives a detailed background on various scoring methodologies.

#### Step 4: Selection of constituents at the reviews

The 40 highest ranking eligible Companies in terms of Moody's ESG Solutions ESG score are selected.

#### 2.3 PERIODICAL WEIGHTING UPDATE

#### **Weighting method**

The index is Non-Market Capitalisation weighted, based on Equal Weight.

The Weighting Factors are explained in the following paragraphs.

#### **Number of shares**

The Number of Shares will be calculated such that each Company will have an equal weight in the Index. The Number of Shares will be rounded to the nearest whole number.

The Number Of Shares are determined based on the closing prices of the Companies to be included in the Index on the Review Weighting Date.

#### **Free Float factor**

The Free Float Factor is not applied for this Index Family.

#### **Capping Factor**

The Capping Factor is not applied for this Index Family.

#### 3.3 PUBLICATION

The level of the Indices are in principle published every 15 seconds starting from 09:00. Index levels published before the official opening level is published are considered pre-opening index levels.

The official opening level is the first level published after a share price is available for all Companies included in the Index.

If share prices are not available for all constituents five minutes after Euronext Markets started regular daytime trading, the official opening level will be published as soon as the Companies whose share prices are available of the current trading day represent at least 80% of the value of the index at the close of the previous trading day.

The closing level is the last level disseminated on the trading day.
