All KIDs	All	N/A	Amended KID generation process: - The KID PDF files will be produced only when changes must be made, or at least once a year, and no longer every day. Only the latest version of the KID will be made available on Euronext website. - The path to the KID files will change, as the date in the path will be removed. - The path to the "KIDs List" XML file containing paths to all individual Derivatives KID PDF files will also no longer include a date. The file will continue providing paths to all produced Derivatives KID PDF files and will be updated to include any newly generated or updated KID PDF files.	12 October 2026
